Special Notice

Synopsis:

Added: April 18, 2006

The GSA SmartBUY Program Office, the OMB Executive Agent for government-wide enterprise software licensing, contemplates a SmartBUY agreement for licenses and maintenance for TELOS Corporation's proprietary commercial software products and related services, particularly Xacta IA Manager and Xacta Automated Message Handling System (AMHS). Pursuant to Section 5112 of Clinger Cohen Act of 1996, the Office of Management and Budget (OMB) initiated a federal government-wide software enterprise-licensing program called SmartBUY. The SmartBUY program consolidates the purchasing power of the federal government to obtain optimal pricing and preferred terms and conditions. The purpose of this notice is to announce GSA's intention to establish an enterprise licensing agreement (ELA) for a major cabinet level agency. This is not a request for competitive proposals and is not pursuant of a Request for Proposal (RFP), nor is the SmartBUY Program obligated to conduct a competitive procurement. For more information, interested parties should contact the SmartBUY Program Office, preferably by mail, at Mike.Citino@gsa.gov and Michael.Hargrove@gsa.gov, or via facsimile number 703-306-6816.

Please see information on SmartBUY at address the below:
